Private William F. Bird
Private Nathaniel Bird
Private John Peck
25th USCT
Born in Rockingham County, VA

(25th USCT in formation at Camp William Penn, Chester County, Pennsylvania)

Standing and serving; somewhere in this picture stand the twins Nathaniel and William F. Bird and John Peck. Born in Rockingham, County, they joined the 25th in Pennsylvania in the winter of 1864.

This regiment was recruited for the most part in Pennsylvania, and was organized at Camp William Penn, in February, 1864, with the following field officers:

- Gustavus A. Scroggs, Colonel
- Frederick L. Hitchcock, Lieutenant Colonel
- James W. H. Reisinger, Major

On January 19th of 1864, William F. Bird (28) and Nathaniel Bird (28) enlisted as Volunteers into the 25th USCT in Greensburg, PA. Although not verified, it is assumed they were brothers as the timing and their physical descriptions tell us they are.

Here is a description of the first part of their service. One can only imagine being on a ship at sea for the first time. These farmers were surely tested.

“Colonel Scroggs was ordered by the President to proceed with his regiment to Indianola, Texas, and there recruit three other regiments from among the freedmen, which should with his own, constitute a brigade, of which he was to be appointed Brigadier General. Accordingly, the Colonel sailed with the right wing of the regiment on the 15th of March, for New Orleans, on the steamer Suwanee, with orders to report to General Banks. In a storm off Hatteras, the steamer sprung a leak. The water rose to within a foot of the fires, although the ship's pumps were in active operation. The men were put to work with buckets, and after thirty-six hours of the most strenuous and incessant exertions to keep her afloat, she was brought into the harbor of Beaufort, North Carolina, where she was abandoned. This threw the battalion under the command of General Wessels, at a time when the enemy was closely pressing the siege of Little Washington, and it was immediately ordered into the defenses. Here it was kept upon the front until the emergency had passed, when it was sent forward to its destination, arriving about the 1st of May.”

Both Nathaniel and William Bird were wounded and/or became ill during this first part of their service.

Nathaniel was hospitalized and returned to his regiment and finished his tour of duty. Sadly his brother William died March 22, 1864 in the Summit House Hospital in Philadelphia and he is buried in the Lebanon Cemetery in Philadelphia.

Remarks: *Died Feb. 22, 1864.

Dear Wife i have enlisted in
the army i am now in the state
of Massachusetts but before this
letter reaches you i will be in
North Carolina and though
great is the present national
difficulties yet i look forward to
a brighter day when i shall have
the opportunity of seeing you in
the full enjoyment of freedom
i would like to no if you are still
in slavery if you are it will not
be long before we shall have crushed
the system that now oppresses you
for in the course of three months
you shall have your liberty.
great is the outpouring of the
colored people that is now rally-
ing with the hearts of lions against
that very curse that has separated
you and me yet we shall meet
again and oh what a happy time
that will be when this ungodly
rebellion shall be put down
and the curses of our land is
trampled under our feet i am
a soldier now and i shall use my
utmost endeavors to strike at
the rebellion and the heart of this
system that so long has kept us in
chains. write to me just as soon
as you get this letter tell me if you
are still living in the cabin where
you use to live. Tell eliza i send
her my best respects and love
like an auncy likewise i would send
you some money but i now it is
impossible for you to get it
i would like to see little jenkins now
but i no it is impossibl at present
so no more but remain your own
afectionate husband until death
Samuel Cabble
